

Music in the Air - Wallop '08

Glorious weather greeted visitors to “Music in the Air” at Middle Wallop on Saturday 26th July. Unlike previous years when the event was scheduled for early evening, an all day programme attracted a lot of families. Unfortunately, due to operational pressures, the traditional finale of a massed helicopter approach was omitted.

The Blue Eagles, this year including the Apache (right), thrilled the crowds with their dramatic display and the Army Historic Aircraft Flight (HAF) were also in attendance.

FB Heliservices continue to support the Blue Eagles and the HAF with engineering services at Middle Wallop.
